OUR MISSION

Attain global leadership by providing design solutions, suitable for society.

To keep up with changing trends, Bassit Marble LLC a brand producing marble and Granite was launched in the year 1984, which today is a dominant player in this segment.

At Bassit Marble L.L.C we believe that each color of stone tells you a story. Our Natural stone collection evolves feelings and creates a profound effect on you. Every color energizes, symbolizes, surprises to make your space come alive.

Once established in the Omani market, Bassit Marble grew at a steady pace over the years, from its humble beginnings in Muscat, Mabella showroom and its Ghala warehouse space, into the second show room in mabella 2, and alauziba showroom . By the fall of 2018, bassit Marble moved its' entire operation - factory, warehouse and main showroom - to our current Mabella 3, with plans for new branches in Salala , Sohar , and Al Duqm showroom under the final touches.

Quality and dedicated service continue to be the foundation of our continued growth and placement into the leading position of our field. Our people at Bassit Marble continue to be at the core of this strength and remain to be one of the main foundations for on-going relationships with homeowners, architects, designers and contractors. Our policy to follow-up with every installation enables us to receive critical feedback providing “voice of the customer” improvement initiatives which allow us to continuously improve. Having a 35 year presence means that thousands of our projects can be found throughout the country and especially in the Muscat area from residences and Commercial developments. We collaborate with top interior designers and architects, custom home builders and developers and of course with the individual home owner.

OUR HISTORY

Bassit Marble. strives to always import, fabricate and install the finest natural stone for demanding residential and commercial construction and renovation projects nationwide. It seeks to accomplish this by implementing a combination of the latest stone processing technology and old world, traditional hand-work artisan skills.

Everyone endeavor to work as a team member in a spirit of participation within a framework of professional integrity so as to provide unmatched customer service for an affordably priced product while ensuring a fulfilling, safe, ecologically responsible and growth-promoting work environment.
